Attendance Policies and Statement on Extenders in an Aesthetic Practice:

Cosmetic Bootcamp® is a unique meeting designed specifically for specialty physicians in the aesthetic field. The focus audience is board certified physicians in one of the following areas:

- Dermatology
- Plastic Surgery
- Ophthalmology
- Oculofacial, Plastic and Reconstructive Surgery
- Otolaryngology

It is not the intention or desire of Cosmetic Bootcamp to train extenders to provide medical aesthetic services. Cosmetic Bootcamp believes in the need for ongoing education to extenders and office staff to insure all personnel involved in an aesthetic practice are knowledgeable and professionally aware of the advancements in the field. *Towards this end we are now allowing up to 2 extenders to accompany their supervising physician to the Cosmetic Bootcamp summer meeting.*

Cosmetic Bootcamp, LLC respects the autonomy of physicians in the running of their individual practices, including the role of extenders and believes the ultimate responsibility for training lies with the individual physician. For this reason, the physician should be present at any meeting where extenders are included.
